

DETAIL DRAWING NO: 3

METRO WATER SERVICES PRIVATE SEWER SERVICE POLICY DETAIL METRO ORDINANCE BILL #2006-1239

15.40.050 Maintenance of service connection:

A. The owner will own and maintain his sewer service line from the public sewer main to the structure served

B. If the owner experiences sewer service interruption as a result of a sewer service line failure and has demonstrated a good faith effort to remedy the problem, the department shall make any necessary repair on the portion of sewer service line inside the public right-of-way or easement from the main to the boundary of right-of-way or easement.

Provided, however, that before the department will make such repairs, the owner must provide an excavated clear and open access to the sewer service line at the right-of-way or easement boundary.

Residential customers will not be billed.

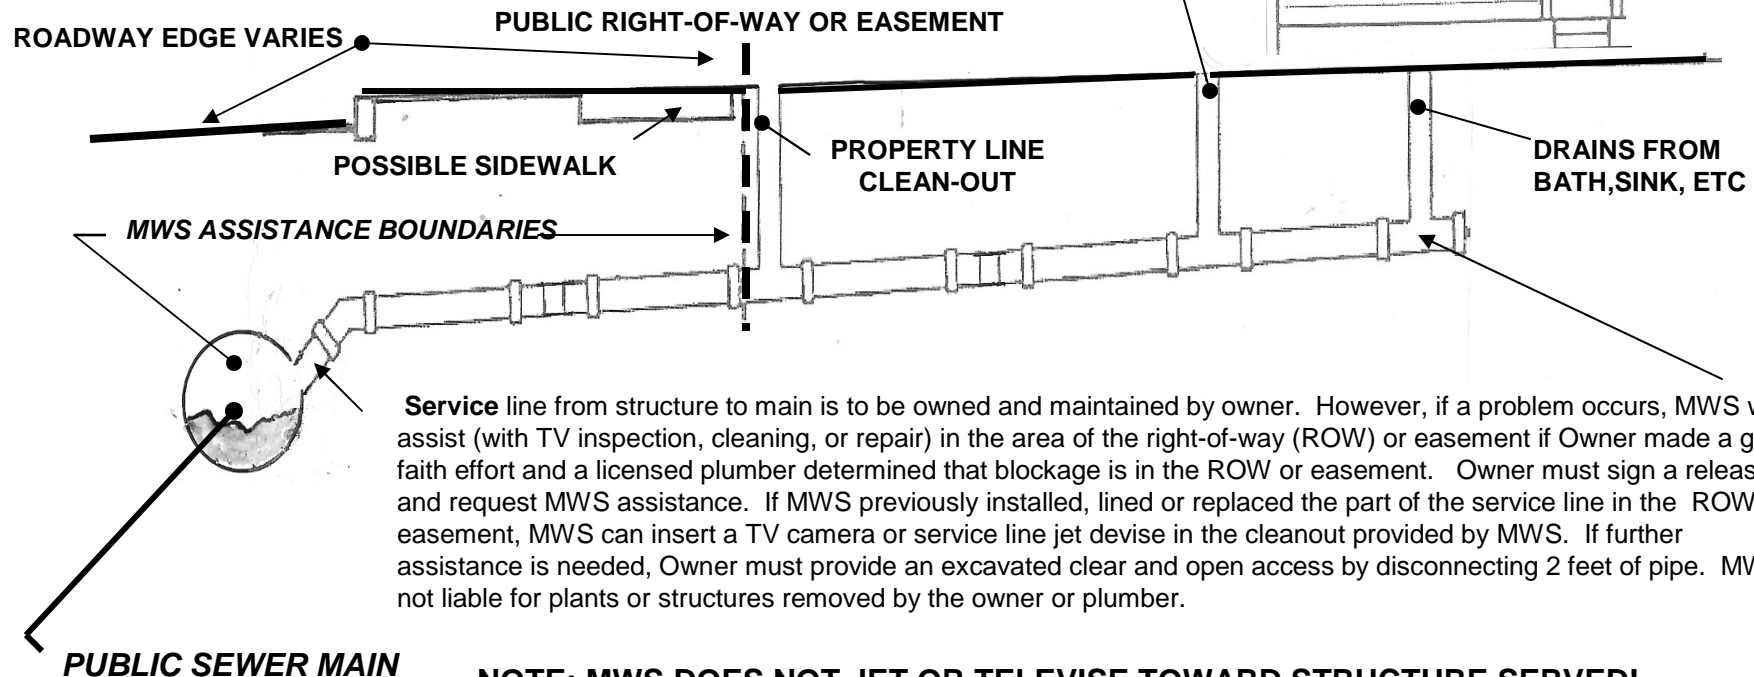

Commercial customers shall pay all costs of repair incurred by the department .

HOUSE, APARTMENT OR
COMMERCIAL BUILDING

Service line from structure to main is to be owned and maintained by owner. However, if a problem occurs, MWS will assist (with TV inspection, cleaning, or repair) in the area of the right-of-way (ROW) or easement if Owner made a good faith effort and a licensed plumber determined that blockage is in the ROW or easement. Owner must sign a release and request MWS assistance. If MWS previously installed, lined or replaced the part of the service line in the ROW or easement, MWS can insert a TV camera or service line jet device in the cleanout provided by MWS. If further assistance is needed, Owner must provide an excavated clear and open access by disconnecting 2 feet of pipe. MWS is not liable for plants or structures removed by the owner or plumber.

NOTE: MWS DOES NOT JET OR TELEWISE TOWARD STRUCTURE SERVED!
